

## AGED WOMAN TRIES SUICIDE; RESCUERS PREVENT DROWNING

**Addie Schaffer Is Taken  
From Water After At-  
tempt to End Life**

### PENILESS AND DESPONDENT

Feeble, penniless and discouraged with life, Miss Addie Schaffer, 73, made a futile attempt to end it all by attempting to drown herself in a pond near the Antioch dairy plant here Monday night.

The aged woman was dragged from the pond by Jacob Drom who had been summoned to the scene by his son, Nelson Drom, after the latter had heard moans from the slough. They found the woman lying in the muddy waters near the edge of the pond. She had approached the water through tall weeds, apparently to escape observation, and had waded into shallow water until she fell. Had she been able to go a short distance farther into the water she undoubtedly would have been drowned, according to her rescuers, who discovered the water to be of greater depth a few feet from where the woman lay.

**Taken to Hospital**  
She was given in charge of Marshal Simonsen who despatched her to the Lake county general hospital with Andrew Cobb, Antioch taxicab driver. Physicians at the hospital who attended her feared that she might contract pneumonia because of her advanced age, but the following day she seemed none the worse for her experience.

County authorities, acting upon the advice of Supervisor William A. Rosling, took the aged woman to the Lake county home at Libertyville Wednesday.

**Milliner Here for Many Years**  
Miss Schaffer had been a milliner in Antioch for many years but her earnings from her business in recent years had not been sufficient to support her. It is said that a sister in Wisconsin had been contributing to her support, but the last money she was known to have received was one hundred dollars early this spring.

She told Dr. H. J. Toomajan of having made loans of money to others during her more prosperous days, and that now she was unable to collect. Authorities are skeptical of the story, as they believe she is slightly deranged.

## STROKE FATAL TO HAROLD GELSTRUP

**Antioch Police Magistrate  
Never Rallies After Pa-  
ralytic Attack**

Falling to rally from a paralytic stroke which he suffered ten days ago, Police Magistrate Harold Gelstrup died at the Lake County hospital at 7:30 o'clock Friday night. He was removed to the hospital Tuesday of last week after he had been found in a helpless condition by members of the Thomas Burnett family who reside in the Webb flat where Mr. Gelstrup also roomed. He was almost totally paralyzed and was unable to speak. He never rallied from the attack.

**Was Native of Denmark**  
Harold Oscar Gelstrup, son of Adolph and Marie Gelstrup, was born in Copenhagen, Denmark, November 15, 1863. At the age of 20 he came to America and located at Lake Okauch, Wisconsin, where he resided for 30 years before coming to Antioch which was his home until his death.

January 6, 1893, he was married to Miss Jessie Lightner, who preceded him in death two years later.

Gelstrup has been police magistrate for many years and had also served as township assessor for a number of years.

**One Brother Survives**  
He leaves one brother, Alfred Gelstrup, Reedstown, Wisconsin, and other members of his family having preceded him in death.

Funeral services were held Monday afternoon at the home of Mr. and Mrs. Frederick Klarade, the latter being sister-in-law of the deceased. Rev. Philip T. Bohl, pastor of the Methodist church, was in charge. Burial was in the Liberty cemetery.

## MANY WILL SEEK LAKE COUNTY SHERIFF POST

**Green and Doolittle  
Announce; Six Candi-  
dates May be in Race**

Things political began to happen in Lake county when Elmer J. Green, resigned as warden of the State penitentiary at Joliet last Saturday, started moving his household effects back to Waukegan and announced that he expects to be a candidate for sheriff of Lake county at the next election.

Closely following Green's announcement, came the news that H. A. (Hub) Doolittle, father of Sheriff Lawrence A. Doolittle, also had his eye on the sheriff job. Doolittle's entrance into the race brings the number of avowed candidates up to four, Sergt. Bart Tyrrell of the Waukegan force, and Chief of Police Lester Tiffany, Lake Forest, having already announced themselves. Former sheriff Ed Alstrom and Ed Brown, Round Lake, have also been named as possible starters in the sheriff derby.

**Green Appointed by Small**  
The resignation of Green ends a service of several years as warden at Joliet. He was appointed to that important state post by former Governor Len Small soon after the latter's famous trial at Waukegan. When Small was re-elected he retained Green as head of the prison. His record at Joliet has been good, and he has been commended by many authorities throughout the state. Green's entrance into the sheriff race in Lake county will tend to make the contest one of great interest.

According to advance political gossip, the older Doolittle is to be the sheriff's candidate. In the race, and as such, will be given the support of his son's organization.

**Deputy Under Green**  
When Green was sheriff Hub Doolittle was a deputy in his office. He was renamed a deputy when his son took office three years ago. In line with his duties he is back in the Circuit court in Waukegan.

Candidates are busy perfecting their organization, even at this early date, and within a short time campaign plans will be formed and put into effect, friends of the several candidates assert.

## BIND SULLIVAN OVER TO THE GRAND JURY

George Sullivan, 40, was bound over to the October grand jury on a charge of murder by Judge A. E. Smith in Highland Park Saturday afternoon when he was arraigned on a charge of slaying his landlady, Mrs. George McGraw, 45, of 144 North First street, Highland Park. He is held without bond and will be removed to the county jail from the Highland Park police station.

## MAPLE INN IS ROBBED MON. MORN.

Maple Inn on Highway 33 near Trevor was invaded by three men who were unmasked about 6 o'clock Monday morning. After blinding Louis Scully, the bar tender, and slugging Louis Lutz, the proprietor, who was asleep in the rear room, the freebooters robbed the place of approximately \$1,900 in cash.

It is believed that those who were responsible for the robbery are members of a Chicago gang, because sometime ago the "prop" was threatened by a Chicago gangster and porter for whom Lutz issued a warrant when he disappeared with an automobile.

## 10,000 WATCH RACES AT THE THIRD ANNUAL LEGION FESTIVAL, SUN.

**Highways Are Blocked As  
Speed Boats Compete at  
Channel Lake**

A crowd estimated at 10,000 watched the speed boat events at Channel lake Sunday afternoon, the races being the principal free attraction offered on the second day of the third annual American Legion festival.

In point of entertainment and attendance the festival exceeded former events of the kind here sponsored by the Legionnaires, but this year's festival was not a success financially as only a small sum was netted by the local post, according to Commander Paul Chase, who stated that the large crowd was more interested in watching the races and swimming than in patronizing the booths on the midway.

**\$500 in Prizes Given**  
About \$500 in prizes were given, including the purses offered in the motor boat events and the Majestic radio, won by Mrs. Nellie Woolner of Woodcrest.

Judges at the races included Commanders R. D. Kinder, of the Fox River Valley Power Boat club, Secretary John Peterson and R. L. Sullivan.

With about 20 of the region's fastest boats competing, the spectators were treated to some real thrills, when class B and C outboards attained speeds exceeding 35 miles per hour, and crafts in the free for all race travelled at a 44 mile clip.

**The Winners**  
Outboard—Class B—First, Toni Estlick; second, "Hell Yes;" third, Poppy Maulis.

The prizes in each race were \$40, \$25, and \$10 to the winners of first three places.

Festival committee members this year were: Ray Webb, John Horan, Rex Boaser and Adjutant Chas. Atwood.

A chicken dinner and lawn party will be given at the summer home of Mrs. William Waters, East Loos Lake, on August 18, at 12 o'clock. The receipts will be turned over to the building fund of St. Peter's new church.

## WOMAN IS KILLED NEAR ANTIOCH AS CAR LEAVES ROAD

**Mrs. Mary Reichel Dies  
from Broken Neck;  
2 Others Injured**

Losing control of his car, while he and three companions were motoring on the concrete Fox Lake road about a mile and a half south of Antioch, an Oak Park man met with an accident which proved fatal to one and seriously injured two others. The casualty occurred about 4 o'clock on Saturday afternoon and the victims were enroute to their cottage on Petite lake from Lake Geneva, where they had spent the day.

### Woman Dies of Broken Neck

The dead victim is Mrs. Mary Reichel, an elderly woman, 1444 Luna avenue, Chicago. She died instantly from a broken neck, Mrs. P. H. Bartlett, 35, whose address is the same as Mrs. Reichel, is now in a serious condition in the Victory Memorial hospital, Waukegan. She is suffering from a compound fracture of the arm. At the time of the accident, Mrs. Bartlett experienced a severe hemorrhage as the result of the protrusion of a bone in her arm. The driver of the machine, Fred Relsor, Oak Park, received a deep gash on the forehead. He is a nephew of the woman who was killed. Mrs. Bartlett's 10-year-old son was uninjured.

### Car Leaves Pavement and Hits Tree

The concrete was slippery from the rain on Saturday afternoon and the driver lost control of the large Essex sedan as the right rear wheel left the pavement and struck the clay on the side. His attempt to bring the car back into the road, however, was successful, but as the wheels were cranked, it jumped to the other side and then immediately back again. This time, in its flight, it left the cement entirely and crashed into a nearby tree. The rear of the Essex was crushed beyond repair. Thus, it was those who sat in the rear seat who were most affected by the collision.

### Victims Taken to Antioch

The occupants of the car were brought to Dr. Beebe's office, Antioch, in passing machines. Mrs. Reichel's death was pronounced instantaneous. Mrs. Bartlett's wound was attended to by Dr. Beebe and she was then rushed to the hospital. The body of Mrs. Reichel was taken to the Strong Undertaking parlors, where an inquest was held Saturday night. The coroner's jury returned a verdict of accidental death.

Latest reports are that Mrs. Bartlett is slowly recovering at the hospital.

## M'DONOUGH MEETS COMMITTEE NAMED TO DEDICATE SHAFT

**Monument for Civil War  
Soldiers To Be Erected  
In Memphis**

Representative Lee McDonough attended a meeting in Chicago Friday of a special committee appointed by Governor Emmerson to take charge of the ceremony at the dedication of the Great Illinois Soldiers Monument in memory of the Illinois Soldiers who fell in the Civil War.

Governor Emmerson with his staff will join the Governor of Tennessee and his staff together with the Tennessee Military and Civil Organizations.

The dedication will be the last week in September or the first week in October depending on the report from the Boston firm who is casting the bronze statue.

The other members of the committee are: Representative William Thompson of Chicago, chairman; Representative Roy Crozino of Stoughton, Illinois; Dr. Charles O. Brown of Oak Park, Illinois, a Civil War veteran; Representative Charles Lee of Decatur, Illinois, a World War veteran.

Representative McDonough who was born in Memphis where the monument is to be located was chosen secretary of the committee.

## Spanish-American War Vet Succeeds Green As Warden

## CRUSHED SKULL PROVES FATAL TO CHICAGO WOMAN

**Mrs. Etta Trimmer Dies  
As Head Hits  
Pavement**

In her attempt to avoid colliding with a large truck which was hogging the greatest share of the road as it approached her, Mrs. Etta Trimmer, 29 Sheldon street, Chicago, who with her husband, was spending the summer at Channahon lake, was instantly killed when thrown from her car to the pavement a mile and a half north of Libertyville at 6:30 o'clock Thursday morning.

### Lands on Pavement

The sedan which she was driving turned around and faced the opposite direction as it struck a large bump which was located on the shoulder of the road. Almost simultaneously, the left door of the car swung open and Mrs. Trimmer fell out onto the concrete. Her skull was badly crushed.

### Taken to Hospital

Due to the fact that no one witnessed the accident except the driver of the truck and Mr. and Mrs. Trimmer, the license number of the milk truck was not secured. Police have been looking for the driver, who is claimed to be responsible for the mishap, but he has not been found as yet. It is reported that he probably increased his rate of speed when he saw Mrs. Trimmer land on the pavement.

## ORCHARD STREET IS BEING WIDENED

Orchard street is being widened at the Main street intersection. This action has been contemplated by the village board for many years, but no definite action was taken until last week. The Public Service company and the Bell Telephone co-operated by removing poles from the right of way.

Mrs. Andrew Harrison was a Chicago visitor Friday.

## LAUNDRY CO. GETS TITLE TO PROPERTY FOR NEW INDUSTRY

**Bids Are in Order for  
Sewer, Water and  
Alteration Contracts**

Formal transfer of real estate and building formerly owned by the Antioch Motor Sales to the Chain O' Lakes Laundry and Dry Cleaning company Friday marked another step toward establishing the new industry in Antioch. Title to the property was held up for months, due to the equity held by the federal court following the failure of Middendorf & Huber here nearly two years ago and pending a settlement of that firm's business. With the federal court satisfied, the Lake County Title and Trust company perfected the title which was accepted by the Laundry company officials Friday at which time the mortgagees were paid in full.

### \$100,000 Laundry Bill

With this important matter closed the company is now ready to go ahead with the sewer, water and building alteration contracts and bids are in order, according to Clarence D. Foth, who inaugurated the move to secure the industry for the lakes country when he found that residents of the community were paying annually a laundry bill that exceeded one hundred thousand dollars, and all of the business going to about a half dozen laundries outside the district.

The artist-architect's rendering of the building as it will appear in its completed form shows a plant of modern appearance which will be of beauty and utility. The engineer's blue prints for the installation of machinery and equipment are also being shown this week. A boiler of 100 horse-power will supply power. Water supply and sewer facilities to take care of waste water have been pronounced adequate.

### Will Employ 30 People

Based on expectation of winter business only, the new plant will provide employment for 25 to 30 people, but during the summer months when business will be more than doubled, about twice this number will be employed to keep the plant in operation day and night.

## ARREST OF YOUNG MAN CLEARS LAKE VILLA LOOTING MYSTERY

**Charles Pester Taken Sun-  
day; Admits Thefts in  
Homes**

Mystery surrounding the looting of five Lake Villa homes was cleared late Sunday night with the arrest of Charles Pester, who was taken into custody by attaches of the sheriff's office because the young man was causing a disturbance in the village while under the influence of liquor.

### Identify Watch as Loot

Pester was identified as the looter of Lake Villa homes when he tossed a watch out of the deputes' car as he was being taken to the county jail. The watch was recovered and recognized as part of the loot taken from the homes of Elmer Rentnor and Arthur Halsey. Robberies in five Lake Villa homes have occurred during the last month. Pester, when questioned by Sheriff Doolittle, confessed robbing the Rentnor and Halsey homes, where he is said to have obtained money, three watches and three diamond rings. He denied he had robbed the other three homes.

## Peters Buys Partner's Interest in Motor Sales

Entire ownership of the South View Motor Sales was acquired Friday by W. F. Peters when he purchased the interest of his partner, Virgil Feller. The partnership firm, handling Studebaker and Buick cars, was formed a little over a year ago. The salesroom is in the Naber building on Main street.

Mrs. C. B. Harrison was a guest of relatives at Waukegan from Thursday until Sunday.

## ROADS FOR THE FUTURE

It is common for roads that were built a comparatively few years ago to become dangerous because of the amazing increase in motor travel. Narrow surfaces, overly steep hills and unbanked turns constitute a serious menace in these days of congested, high speed traffic.

Progressive communities are protecting their own futures by building wider roads to care for the still greater traffic of tomorrow. It is said on good authority that all highways of importance should be broad enough to carry two lanes of traffic in both directions.

Even in rural districts, where expense of road building is preeminent, low cost oil and asphaltic surfaces are providing the farmer and rural dweller with high grade highways, reasonable to build and maintain. In this modern age, civilization follows the highway and a community with insufficient or poor roads must exist in an undeveloped state.

## ELECTRIC TRANSMISSION EXPENSIVE

The average distance covered between the point of generation and point of use of electricity is 22 miles, according to an authoritative report. Where large amounts of power are developed in mountainous territory, the distance is considerably greater.

As a result, the electric consumer pays most of his bill for transmission and but a small part for the actual generating cost. It is because of this that hydro-electric production in an increasing number of cases, cannot

compete with fuel plants.

Where a constant supply of free water exists close to a large demand for power, hydro-electric plants are the perfect generating agents. But it is now becoming apparent that in many instances the overall cost of hydro-electric power development, including generation and transmission, is larger than that of electricity produced in steam plants located near large centers of population.

The ideal condition exists where water power lines and steam power lines may be harnessed together, so that seasonal supply of water may be utilized to the fullest extent, and the load taken over by the steam plant when water diminishes, or when transmission costs become too high.

A survey of electric developments shows that fuel plants constitute a major part of power facilities. Progress made in coal utilization and steam generation proves that hydro-electricity is not our most dependable or economical source of power.

**OREGON INSTITUTE LAUDS SINGLE-PIECE BODY**  
The single-piece construction all-steel automobile body has been classed as one of the most significant achievements in motor car design as a result of experimental and research work conducted at the Oregon Institute of Technology at Portland.

"Rigidity and strength in construction, freedom from body noises and ease of repair were found to be outstanding advantages in the single-piece all-steel construction," said C. E. Spencer, principal of the automotive division of the institute.

In the single-piece steel body, four major sections are welded into one piece, and a new type of horizontal-vertical bolting to the chassis frame eliminates the conventional sill separating the body and chassis in other forms of construction. The carrying of the passenger load directly on the chassis makes for lower center of gravity and perfect balance under all driving conditions without sacrificing head room, and this constitutes an important step in the direction of motorizing safety.

Outdoor advertising today has attained a new sphere of usefulness. Not only does the man on the ground read as he runs, but now even the aviator may peruse as he pilots.

To reach travelers in both elements at the same time, the Standard Oil Company (Indiana) has erected the first air-earth bulletin board near Detroit, Michigan. The unusual feature of the sign is that it is erected at a 45 degree angle. This angle makes it readable from both air and earth without distortion. The location is near the Ford airport, below a heavily traveled airway, and close to a main concrete highway and electric car line.

From the road the sign presents an odd appearance which immediately attracts attention. The motorist, perhaps believing that the sign has been partly blown over to this 45 degree angle by the wind, is quickly enlightened by the legend across the bottom which reads: "This is the first bulletin ever erected advertising to people who travel by air."

From the air, the sign may be clearly read at a height of 700 feet. Planes which continually leave and arrive at the nearby Ford airport carry hundreds of passengers which are attracted by the unusual sign. At the angle at which the sign is placed, it is perfectly readable from the sky.

The erection of this sign is in line with the progressive aviation policy of the Standard Oil Company (Indiana). First to recognize the value of air transportation for industrial purposes by buying an airplane of its own, this company is again first to recognize its importance by building a bulletin board which may be read from the air. The constantly increasing number of air travelers forms a considerable reading public and a large potential market which justifies the use of air advertising. This reading public of the sky the Standard Oil Company (Indiana) has recognized, and will continue to recognize from time to time by other air-earth bulletins placed at strategic locations.

Old  
Eagle  
Eye  
Says--

These are the days when lollypops and orange ices are appreciated. There's no time for business when the boss, the boss's wife, or maybe the boss's daughter comes popping in with a treat, right off the ice.

"Right off the ice" seems to be the order of the day instead of "right off the fire."

Sliding under the wheel of a good-looking (not necessarily) machine is not infrequently the beginning of untold "devoidness" (pardon the coinage) of courtesy on the part of the victims. This does not always mean that those drivers who are susceptible to that—(call it what you may) are reckless or speedy. Sometimes they are just plain thoughtless about the rights of others.

Competition is the life of any community and our big little town is not wanting for it. Have you ever thought about the "close" competition which exists here? No, you're not interpreting the word "close" the way that it is intended. Not keen, but nearby. For instance, the hotels, drug stores, banks, oil stations and bakeries.

Don't you sometimes feel just like riding, riding, riding? If so, consider some of the beautiful drives around Antioch.

The wearing apparel of "up-to-the-minute" tourists seems to be concentrated this year on headgear and leggear. The former is recognized for its length and the latter for its lack of length. What will the poor stocking manufacturers do? Oh well, it won't be long now before the fair sex and the unfair sex alike will have to don other than the "natural tan" hue.

Antioch has good streets, good stores, good churches, good hotels, good banks, good theatres, good boys and girls, and good men and women. When it gets its good stop and go signs, we will all be safer.

Some of the tourist caravans which pass through this town might well be termed "freight cars."

The people of Antioch and vicinity wish to take this opportunity to extend a cordial welcome to the "No Parking Here to the Corner" signs which have come to make their home on Victoria street.

## CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 11.

The Golden Text was, "I will pour water upon him that is thirsty, and floods upon the dry ground: I will pour my spirit upon thee seed, and my blessing upon thine offspring" (Isaiah 44:3).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Am I a God at hand, saith the Lord, and not a God afar off? Can any hide himself in secret places that I shall not see him? saith the Lord. Do not I fill heaven and earth? saith the Lord" (Jer. 23:23, 24).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures imply that God is All-in-all. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as Infinite Spirit or Mind. Hence all is Spirit and spiritual" (p. 331).

To cleanse a sponge rub a fresh lemon into it and rinse several times in lukewarm water.

Windows may be kept polished by rubbing the glass with a sponge dipped in alcohol.

The inside of fruit jars may be cleaned in a few minutes by filling them with hot water and then stirring in a teaspoonful or more of baking soda. Shake well.

A red-hot poker will often soften old putty so that it can be easily removed.

To keep off mosquitoes rub exposed parts with kerosene. The odor is not noticed after a few minutes and children especially are much relieved by its use.

An occasional feed of hard-boiled eggs made fine and mixed with cracker-crumbs is good for canary birds. Feed a couple of thimblesful at a time.

Iron-rust stains on marble can usually be removed by rubbing with lemon juice.

A thin coating of three parts lard melted with one part rosin applied to stoves and grates will prevent their rusting in summer.

Oil of turpentine or benzine will remove spots of paint or varnish from white or colored cotton or woolen goods. After using it they should be washed in soap suds.

For washing windows and looking-glasses a little ammonia in the water saves much labor, aside from giving a better polish than anything else.

Squeaking doors ought to have the hinges oiled by a feather dipped in some linseed oil.

To soften hard water add a pound of the best quick lime, dissolved in water to every hundred gallons. Smaller proportions may be more conveniently managed and it allowed to stand a short time the lime will have united with the carbonate of lime and been deposited at the bottom of the receptacle. Another way is to put a gallon of lye into a barrelful of water.

To test nutmegs prick them with a pin and if they are good the oil will instantly spread around the puncture.

A soft cloth moistened in alcohol is excellent to wipe off French plate glass and mirrors.

Milk keeps from souring longer in a shallow pan than in a milk pitcher. Deep pans make an equal amount of cream.

Hash smoothly plastered down will sour more readily than if left in broken masses in the chopping bowl, each mass being well exposed to the air.

Sally Ann's  
Adventures

at Her Grandmother's

It was the first time that little Sally Ann had ever gone shopping without her grandmother. She walked down the street looking quite important with three pennies clutched very tightly in her small round hand. Grandma sent her to the grocery store to see if she could go all by herself.

Of course everyone in the store was tickled to see little Sally Ann come. She had to stand up awfully straight in order to see over the counter. What do you think she ordered? Three all-day suckers. One was green, one was yellow, and the other was red. No, they weren't all for her. She hadn't forgotten grandma and grandpa.

Pretty soon, grandma saw her little white head bobbing up the street, but there was a cloud on her face. "What is the matter, dear?" asked her grandmother. "Don't you like your all-day suckers?"

"Oh, yes, grandma," she said, soberly. Then the corners of her mouth began to draw down.

"I was selfish," she said, almost crying. "I took the poor man's last all-day sucker."

Grandpa and grandma could hardly make her believe that the storekeeper would much rather sell his playthings than keep them for himself; but when at last Sally Ann understood that he didn't like them and that he would much rather have the pennies to put in the bank than the all-day suckers, she was comforted and began to suck her candy with a happy smile, and grandma and grandpa had bigger smiles as they chewed their shares of what Sally Ann's three pennies bought.

## Congressional "Whip"

The term "whip" applied to certain members of parliamentary bodies is derived from the "whippers-in" of a hunt—men whose job it is to whip up lagging hounds and so to keep the pack together, and obedient to orders.—Gas Legie.

## Mixed Pickles

Three hundred small cucumbers, four green peppers sliced fine, two large or three small heads cauliflower three heads white cabbage shaved fine, nine large onions sliced, one large root horseradish, one quart green beans cut one inch long, one quart green tomatoes sliced; put this mixture in a pretty strong brine for twenty-four hours; drain three hours, then sprinkle in a quarter pound black and a quarter pound white mustard seed; also one tablespoon black ground pepper; let it come to a boil in vinegar enough to cover it, adding a little alum. Drain again and when cold, mix in a half pint ground mustard; cover the whole with good cider vinegar; add turmeric enough to color, if you like.

## Favorite Pickles

One quart raw cabbage chopped fine; one quart hulled beets chopped fine; two cups sugar, tablespoon salt, one teaspoon black pepper, a quarter teaspoon red pepper, one teaspoon of grated horseradish; cover with cold vinegar and keep from the air.

## Chow Chow

One peck of green tomatoes, half peck string beans, quarter peck small white onions, quarter pint green and red peppers mixed, two large heads cabbage, four tablespoons white mustard seed, two of white or black cloves, two of celery seed, two of allspice, one small box yellow mustard, pound brown sugar, one ounce of turmeric; slice the tomatoes and let stand over night in brine that will bear an egg; then squeeze out the brine, chop cabbage, onions, and beans; chop tomatoes separately, mix with the spices, put all in porcelain kettle, cover with vinegar and boil three hours.

## Piccalilli

One peck of green tomatoes; if the flavor of onions is desired, take eight, but it is very nice without any; four green peppers; slice and put in layers; then sprinkle on one cup of salt and let them remain over night. In the morning press dry through a sieve, put in a porcelain kettle and cover with vinegar; add one cup of sugar, a tablespoon of each kind of spice; put into a mason jar; stew slowly about an hour, or until the tomatoes are as soft as you desire.

## Pickled Cucumbers

Wash and wipe six hundred cucumbers and two quarts of peppers. Put them in a tub with one and a half cupsful of salt, and a piece of alum as large as an egg. Heat to the boiling point three gallons of elder vinegar and three pints of water. Add a quarter of a pound each of whole allspice and stick cinnamon and two ounces of white mustard seed and pour over the pickles.

## Chopped Pickles

One peck of green tomatoes, two quarts of onions and two of peppers. Chop all fine, separately, and mix, adding three cupsful of salt. Let them stand over night and in the morning drain well. Add half a pound of mustard seed, two tablespoonsful of ground allspice, two of ground cloves, and one cupful of grated horseradish. Pour over it three quarts of boiling vinegar.

**Ripe Tomato Pickles**  
To seven pounds of ripe tomatoes add three pounds of sugar, one quart of vinegar; boil them together fifteen minutes, skim out the tomatoes and boil the syrup a few minutes longer. Spice to suit the taste with cloves.

## Dill Pickles

Put into a quart can which has been filled with small cucumbers, ½ cup of salt brine that will hold up an egg, ½ cup of vinegar, and 1 tablespoon sugar. Then fill can with clear water. Add dill. This recipe never fails.

## Chili Sauce

Eight quarts tomatoes, three cups of peppers, two cups of onions, three cups of sugar, one cup of salt, one and a half quarts of vinegar, three teaspoons of cloves; same quantity of cinnamon, two teaspoons each of ginger and nutmeg; chop tomatoes, peppers, and onions very fine; bottle up and seal.

## Cucumber Relish No. 1

2 quarts cabbage  
1 quart cucumbers  
3 green peppers  
1 quart onions  
Chop fine and measure. Mix and let stand in salt water over night. Next morning heat in same water and drain. Then boil together 3 pints vinegar, 3 cups sugar, 1 cup flour, 2 large tablespoons ground mustard, (mix flour and mustard with a little cold water or vinegar), 5 cents worth of celery seed, and 5 cents worth of mustard seed. Seal in cans.

## Cucumber Relish No. 2

Slice 25 medium-sized cucumbers and ten onions. Put 2 handfuls of salt over these and let stand 1 hour. Then drain them and put in following syrup:  
2 quarts vinegar  
4 cups sugar  
2 teaspoonsful celery seed  
2 tablespoonsful mustard seed  
Put cucumbers and onions in this syrup, let come to a boil, and can.

LAKE VILLA LADIES' AID  
SOCIETY TO SPONSOR  
SUMMER SALE, AUG. 24Residents Are Spending  
Vacation in Penn-  
sylvania

The Ladies' Aid society had a very interesting meeting with Mrs. McGlashan last week Wednesday, and it has been decided to have a summer sale on Saturday afternoon, Aug. 24, at the village park. Aprons, fancy work, and rugs will be for sale, as well as delicatessen goods. The large dressed doll in charge of Mrs. J. A. Pederson will also be disposed of at this time.

Mrs. William Pinch and children, Billy and Mary Rodgers Pinch, also her niece, Clara Harmon, are spending a month with Mrs. Pinch's mother in Pennsylvania.

We wish to correct an item in last week's paper concerning the Edgar Kerr family of Bloomington. They were here for the whole week instead of just over Sunday. Also the item of the C. B. Hamlin family's western trip; it was 7000 miles instead of 1000.

Mrs. Nettie Frazier and sister from Alabama, who is visiting her, spent a few days last week with their brother's family near Channel Lake.

Mr. and Mrs. Gus Hessler and granddaughter of Kenosha visited their daughter, Mrs. Frank Nader, from Wednesday until Sunday.

Mrs. Mercy Moore of Aurora and Archie Hamlin of St. Charles, Ill., drove up last Wednesday and spent the day with their uncle, Ben Hamlin, and the J. K. Crabb family.

Mrs. Carl Miller and sons, Glenn and Carl Jr., were in Racine several days last week with the Jay Miller family.

The Misses Florence and Alice Seeger entertained a girl friend from Chicago last week.

Mr. and Mrs. Carl Seeger and daughters went Sunday to spend a ten-day vacation with the C. Chapman family at Beloit and Mrs. Seeger's sister, Mrs. Halvorson and family, at Rockford, Ill.

Mrs. Jackson of Minneapolis, Minn., spent last week with her aunt, Mrs. Walter Atwell, and returned to her home Sunday evening.

## TRAINS COLLIDE NEAR WADSWORTH; 3 KILLED; 4 INJURED

North Bound, South Bound  
Trains Use One Track;  
New Rails Installed

Three men were killed and four others seriously injured when an express flyer on the Chicago, Milwaukee, St. Paul, and Pacific railroad rushed through on open switch one mile north of Wadsworth Friday night and jammed into the engine of a 90 car freight train which was waiting on a side-track for the flyer to pass.

### Large Crowd Views Wreckage

It is estimated that a crowd of approximately 500 Waukegan and Wadsworth people came to view the wreckage Friday night, many of them remaining through the entire night to watch the men load the parts of the locomotives on flat cars to be hauled away.

### Porter or Larsen Blamed

According to railroad officials, responsibility for the accident has been centered on either J. R. Porter, towerman, at Wadsworth, or C. E. Larsen, train dispatcher at Milwaukee. Inspection of the electric switch on Friday night resulted in the declaration of the statement that the switch which was electrically operated was in perfect condition. However the signal light that was found lying in a field 100 feet away, was still burning when picked up.

### Bodies Taken to Undertaking Rooms

Shortly after the accident, Coroner John L. Taylor, official railroad physician, examined the bodies of the victims, after which the injured were given medical attention and the dead taken to undertaking rooms in Waukegan. After the bodies had been viewed by the coroner's jury, they were removed to their respective homes. No decision will be returned by the jury until the railroad investigation has been completed.

### Accident Is Explained

Railway officials reported on Saturday that reason for the occurrence of the accident was the misunderstanding which existed as the result of the installation of new rails in that section. At the time of the accident, both the north bound and the south bound trains were utilizing the same track. The engineer of the flyer had been given permission to go south on the regular north bound track. At the same time, the freight engineer was waiting for the flyer to pass, before it proceeded on its way north. The automatic switch, it is said, must have been accidentally left open or else forced to open by the heaps of gravel on the road.

## Wilmot Stores Are Robbed Monday Night

When three of Wilmot's business men entered their stores Tuesday morning and looked about a bit, they soon decided that they were not so rich as they were the night before, because some of their stock had mysteriously "walked off". After a little investigation, however, they were able to account for the loss by the fact that in each case, a back window was either open or broken.

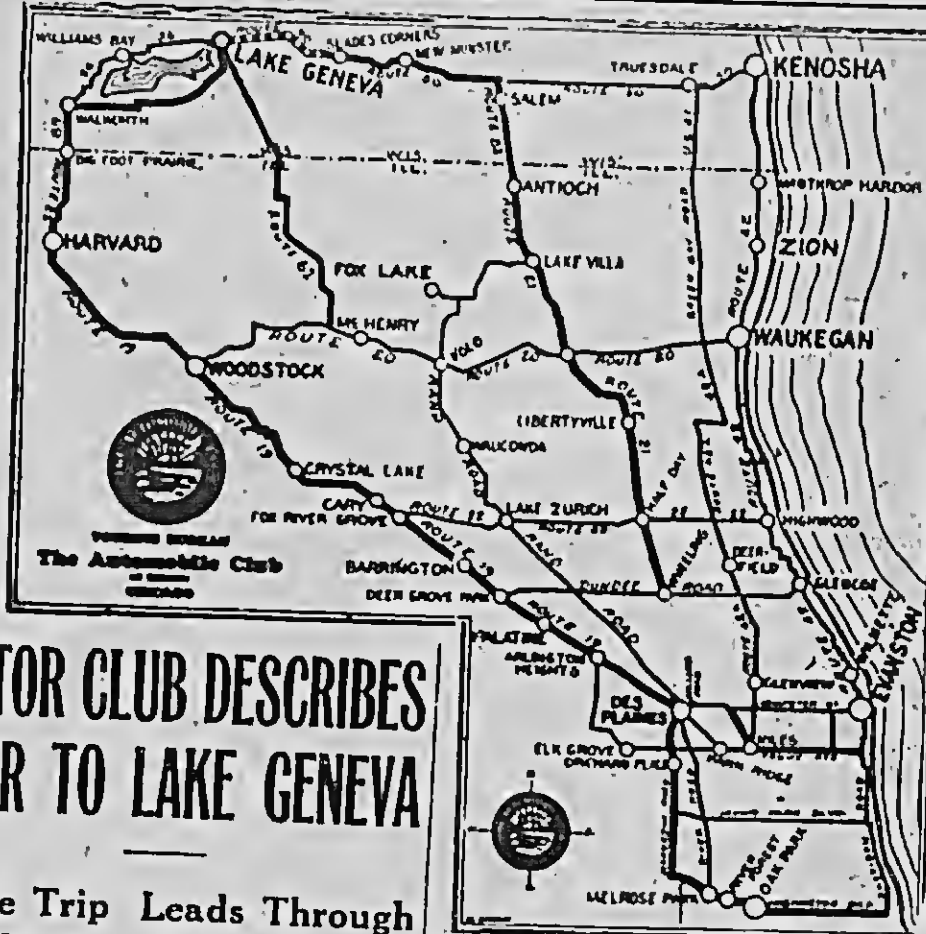

The robbers stole 5 sweaters, 1 pair of boys' shoes, size 5½, and several \$2 shirts from John Nett's store; from Lewis Benneman's lunch room, they took 3 packages of cigarettes, in addition to clearing the cash register of its pennies; and George Denan missed 2 \$11 watches and \$50 worth of knives.

## Garden Party To Be Held at Anderson's

A garden party at which 500 and hence will be played for the benefit of the sidewalk fund of St. Ignace church, will be held at the C. K. Anderson estate, Lake Catherine, on Thursday, August 22, at 1:30 p. m. Refreshments will be served and many prizes have already been contributed. The public is invited to attend.

For hay and harvesting—3 line hay and bundle forks, \$1.25—4 line header forks, \$1.65—grain scoops—light weight full, polished, \$1.40. Galvanized bushel basket, 75c. Gamble Stores.

## MOTOR CLUB DESCRIBES TOUR TO LAKE GENEVA

Circle Trip Leads Through  
Illinois Land of  
Lakes

When in doubt as to where to go over the week-end, the Touring Bureau of The Automobile Club of Illinois, in co-operation with The Antioch News, suggests that you try Lake Geneva. This favorite resort lies northwest of Chicago and is but a few hours drive. It is exactly 75 miles distant from the city.

Lake Geneva is justly famous for its many well appointed homes which cluster about its shores. Many camps are also located here. All of the roads, both the trip going or return are in excellent condition and add pleasure to the tour. A public beach is maintained, where the weary autoist and his family can bathe and bask to their hearts content.

The trip going leads through Park Ridge, Des Plaines, Lake Zurich, Waukegan, Volo, McHenry and Richmond. Several of the towns passed boast of lakes within their radius, so that a stop-over can be made enjoyable if you prefer making the journey in relays.

Returning home via another route, several resort sections are also in the itinerary and includes such familiar names as Crystal Lake, Cary and Fox River Grove. Cary is the site of the annual ski meet which attracts thousands to its gates each winter and is known to practically every fan of the Norse sport.

The detailed log follows:

## COLORADO PAPER LAUDS DR. TIEDT

Lauding the late Dr. Arthur O. Tiedt as a prominent health official and political leader in the state of Colorado, the Arapahoe County Tribune printed a column story of his life following his death a few weeks ago. Dr. Tiedt is well known to many in this community, having spent an entire winter here a few years ago. He was the brother-in-law of J. H. McVey, John, Tom and Miss Mary Gagglin.

According to the Tribune, Dr.

Tiedt had been prominent in republican politics for the last ten years. During his life, he held many public offices, being in the city of which he was a resident, president of the chamber of commerce, a member of the city council, health officer, and registrar of vital statistics, and he served the county for several years, as coroner and deputy coroner.

Dr. Tiedt was born in Neenah, Wis., in which state he spent his boyhood. After his graduation from Rush Medical college, he practiced law for 20 years in and around Chicago. On Sept. 27, 1908, he was mar-

ried to Miss Mattie Gagglin, Antioch. Sixteen years ago, Dr. Tiedt moved to Colorado, where he lived until his death.

The Spring Brook badgers club enjoyed a picnic supper in Dexter's woods on Monday, August 5. Mrs. Dexter provided ice cream for the members. After supper, a business meeting was held and plans were made for those wishing to attend the State fair.

August sale now going on at King's Drug store.

We said it before and we say it again. Be critical when you buy LUMBER. The more critical you are, the more you'll appreciate the kind we sell, and the service that goes with it.

We notice that some of the mail order houses are beginning to "pay the freight". How do they do it? No increase in price, yet they can now afford to pay the freight? Can you figure it out?

Door-To-Door Visitors—

In the old days door-to-door visitors used to say "Ledy, can you give a poor guy a bite to eat?" Today we have a new type of door-to-door visitors who offer to sell you anything from a pair of glasses to a fur coat. Outside of possibly a few, most of them are "schemers", who misrepresent their goods, and try every way to get your money. We join with other reputable merchants in this community in saying "TRADE AT HOME"—then you will not be disappointed.

People who mind their own business usually succeed—they have so little competition.

## SOCIETY and PERSONAL

Former Antioch  
Teacher Weds

One of the smartest events of the social season at Normal, Illinois, recently took place when Miss Ius Esterline Royal, daughter of the late Edward O. Royal, became the bride of Elmer Perry Hoggatt, son of Mr. and Mrs. C. P. Hoggatt, Urbana, Ill.

The wedding was solemnized on August 11, the Rev. S. E. Fisher reading the marriage service in the presence of a number of friends and relatives of the couple at the University Place Christian church. The ceremony was performed at two o'clock, preceding which Mrs. Roger F. Little, cousin of the bride, sang, "The Sweetest Story Ever Told," "At Dawning," and "Because."

The bride was lovely in a gown of white satin and lace, made with a basque waist and a very long skirt in back. She wore a close-fitting cap of lace. Pernet roses, baby's breath, and larkspur made the bridal bouquet.

Miss Marguerite Royal, sister of the bride, attended as maid of honor and Miss Isabelle Harwood, Normal, was the bridesmaid.

Frank Homfeld, Urbana, acted as bestman.

Following the ceremony, the bride and groom left on a motor trip through the West. For her traveling outfit, Mrs. Hoggatt wore a brown and tan crepe ensemble with accessories to match. Upon their return, Mr. and Mrs. Hoggatt will live at 602 East White street, Normal, Ill.

This event is of peculiar interest to Antioch people, because the bride was formerly a faculty member here. She was graduated from the Champaign High school with the class of '25 and attended the University of Illinois for two and a half years.

The groom was graduated from the Urbana High school in 1923, and he is now associated with his father-in-law, the Hoggatt and Son's Tire company.

BIRTHDAY PARTY ON  
LAKE MARIE SATURDAY

A large number of guests assembled at the beautiful summer home of Mr. and Mrs. E. Thomas Beatty on Lake Marie Saturday in honor of Mrs. Beatty's birthday anniversary.

The dining room was a blaze of pink and green decorations as were the exquisite table appointments. After dinner, a jazz band played enchanting music while the guests proceeded to enjoy a round of dancing, which was interrupted from time to time by performers who were brought from Chicago by Mr. Beatty.

Many beautiful gifts were presented to the guest of honor.

Mr. and Mrs. Andrew Harrison and Mr. and Mrs. Roy Norton, and two sons of Greenwood held their annual picnic at Little Silver lake Sunday.

Mrs. Chas. Lux entertained a party of twenty women at Northshore beach Tuesday evening.

Mrs. William Dunham, Pittsfield, Illinois, came Thursday to spend an extended vacation at the homes of her daughters, Mrs. Robert William and Mrs. Charles Lux.

Chester Wagner and brother, Chas., of Oak Park visited Miss Elsie Dunford Thursday.

Lawrence Astrop of Lake Bluff called at the George Dunford home Monday.

Mr. and Mrs. Dan Longman of Trevor recently called at the Sol La Pinti home.

Miss Vera Green, Cleveland, Ohio, is visiting at the home of her sister, Mrs. T. G. Rhoades, Jr.

Mr. and Mrs. Lyle Smith and daughter, Lillian and friend, Libertyville, visited at Mrs. Sarah Faulkner's Sunday.

Miss Ruth Nixon and Joseph Ewers drove to Kenosha Friday evening. Guests at the A. G. Watson home last week were: Mr. and Mrs. A. L. Wallace and Mrs. Fern Wallace, Waukegan, Wisconsin, Mrs. Eleanor Castle and son, Columbus, Ohio, and Mrs. L. J. White and son, Waukegan.

While here, in company with the Watsons, they motored to Sky Harbor.

John C. Nixon was in Chicago on business Monday and Tuesday.

The Porter and Joseph Fitzgerald families of Chicago spent Sunday at the Nixon home.

Mrs. Nettie Welch, Libertyville, is calling on Antioch friends.

Mrs. Nettie Welch and A. G. Watson spent Tuesday and Wednesday at the home of Leland Watson, Waukegan.

Mr. and Mrs. P. Trump and Lillian Lauren are on a northern trip. They will return to this city Saturday.

Mr. and Mrs. August Splinter of Oregon City, Oregon, are visiting their niece, Mrs. Sam Rhee, this city.

Mr. and Mrs. Splinter were former residents of Kenosha 35 years ago. They report that they would never recognize it as the same place.

Mr. and Mrs. Sam Rhee motored to O'Kouchee lake, Wisconsin, Sunday, where they attended a family reunion.

Mrs. Sina Lauren went to Kenosha Saturday to visit her sister.

PERFUMES AID HEALTH  
MEDICAL SCIENCE FINDS

Play Important Role In Field  
Of Preventive Medicine  
Doctors Say

Perfume, one of the oldest and most cherished of mankind's vanities, has been given a new and important place in life by medical science. Instead of serving solely as an aid to beauty, scents, that have been associated with famous women down through the ages now stand out as an important aid in the field of preventive medicine.

The sweet refreshing fragrance of the lavender flower, England's most popular odor and scores of others including the violet, the rose, and essences familiar in the boudoir are accorded a prominent part in the program.

Whether used in soaps for the bath, as a delicate odor for the street or home, or as a cleansing lotion, the resultant effect on women's health cannot be overestimated. For, according to physicians, the foundation of preventive medicine is cleanliness of living conditions, habits and body.

It is not difficult to visualize this benefit, doctors say, for without cleanliness and neatness of person, the entire structure is undermined and the way opened to disease. The thousands of pores comprising the skin are an open sesame to trouble, for it is through this channel that the body disposes of waste.

Through the use of perfumery and cosmetics, the skin with its disease breeding possibilities reacts to cleanliness which in turn has a beneficial effect on the whole body.

In addition the cleanly, pleasant smell induces a good state of mind and again the reaction on the entire body is salutary.

RUNYARD FAMILY HAS  
REUNION SUNDAY

The tenth annual reunion of the Runyard family, which was held Sunday at the Ambrose Runyard home, Rock lake, attracted about eighty people from Bristol, Douman, Sullivan, Wilmet, Britton, Waukegan, Ingleside, Antioch, Chetek, Canada, Dorchester, England.

At noon a bountiful picnic dinner was served at one long table and a program of games and races were run off in the afternoon. Three generations were present with James Runyard, Wilmet, being distinguished as the oldest member present and Francis Fluch, Brighton, as the youngest. Mr. and Mrs. Frank Fluch, Britton had the largest family present.

Officers were re-elected as follows: President, E. M. Runyard, Waukegan, and Mrs. Roy Kunkin, this city, secretary.

The members of the local Ladies Aid society served dinner to about 150 people of the Finance department of the General Motors company, Milwaukee, at Channel lake Tuesday.

Harold Rosenblatt, Beloit, Wis., was guest over Sunday in the home of Mr. and Mrs. Otto S. Klass and family.

Miss Florence Schwartz, Mmes. Al. Svec and Robert Brady and children, and Nick Schwartz, all of Oak Park are spending a week in the Dunford cottage, Channel lake.

Pearl Hughes  
Attracts Large  
Audience Sun.

"The Search for Light" was the subject of the address which attracted about 90 women from Antioch and vicinity to the Methodist church last Sunday night. It was delivered by Miss Pearl Hughes, a former resident of Antioch, who recently returned to this city on an extended furlough from India.

Miss Hughes is a very interesting as well as instructive lecturer. She held her audience in what might almost be termed a spell as she related in a very unique manner the story of the power which the "unknown God" had in leading a native Indian from the superstitious background of the Indian religion to a realization of the "true light" the theme of her talk.

In addition to the lecture, a very fine musical program was rendered. A ladies' chorus of 15 members, under the direction of S. E. Pollock, offered several numbers. Mrs. H. B. Gaston sang a solo, and Mmes. Rex Bonser and Chas. Lux sang a duet. Mrs. Bohl presided at the meeting.

As the result of the record-breaking crowd which turned out on Women's Night, the men of the parish will have the pleasure of treating the women to a good "feed". There were only sixty-seven in attendance on Men's Night, which was held on July 14. It was agreed, previous to that meeting, that the group which had the smallest attendance would have to pay its penalty by treating the winners. The men are already making plans for the big event.

TED POULOS BUYS  
HARRIS' INTEREST  
IN ANTIOCH CAFEPartners to Separate After  
15 Years Association in  
Business

Ted Poulos is now sole owner and proprietor of the Antioch Bakery and Cafe, the deal for the purchase of the interest of Dan Harris, his partner, having been completed last Thursday. The change in the business here will cause the partners to separate after 15 years association, Mr. Poulos said. The pair met in Utah in 1914 and came to Chicago where they were engaged in business until four years ago when they came to Antioch and purchased the Antioch Cafe from John Pacini. Later, Sam Harris, a cousin of Dan Harris, was sold an interest in the business, but the partners bought back his share about a year ago and Sam went to Libertyville where he is operating a fruit stand.

Feeling the need of enlarged quarters during the second year here, the small room south of the cafe was remodeled and used as a lunch room until a year ago when the partition was removed to make one large dining room. Last year a bakery was established in the building just north of the cafe.

About two years ago the partners purchased the Thayer building, but this was sold a few months later to S. H. Reeves, to become the home of Reeves' drug store.

Mr. Harris has not announced his plans for the future. He has an interest in a restaurant on Washington street in Waukegan which probably will claim a part of his time.

Texans On Tour  
of Middle West;  
Guests Here Today

The progress and development of the Greater Chicago region and the North Shore territory in particular is being observed at first hand yesterday and today (August 14-15) by a group of 50 prominent, bankers, business men and farmers of Texas, who are coming north on an inspection tour of the Middle West.

Arriving at the Union Station, Chicago, at 7:35 a. m., today from Waco, the Texans will proceed to the North Shore Line station at 223 S. Wabash avenue, where they will board a "Road of Service" train for Libertyville at 8:13 a. m., standard time. They will be accompanied by officials of the Public Service Company of Northern Illinois, whose guests they will be during the day.

At Libertyville station of the North Shore Line the party will board Marigold motor coaches and proceed on an inspection tour of the Hawthorne Farm of Samuel Insull. Thence they will journey to the model farm of the Public Service Company west of Mundelein. Following their inspection of the model farm, they will take luncheon at the Countryside Golf club.

In the afternoon the party will be taken by Marigold motor coaches to Lake Lawa near Delavan, where they will spend the night. On Thursday they will make an inspection tour of the Borden milk plant at Lake Geneva and the Brookhill Farms at Geneseo Station, returning to Chicago by motor coaches in the evening.

Mr. and Mrs. Guy Corteville and family spent the week-end at Stevensville, Michigan.

MILWAUKEE BOXERS  
SLATED TO APPEAR  
AT PALACE FRIDAYPinky Mitchell's Fighters  
Are Matched With  
Favorites

Pinky Mitchell, former welter-weight champion of the world, is coming to the Antioch Palace tomorrow night, bringing with him six of his best boxers matched with local favorites for this week's show.

Charles Negoe, who is looked upon by the former champion as one of his best prospects, will appear in the windup of the evening against Karloff Hanson, national Junior Middleweight A. A. U. Champ.

It is to be Hanson's first appearance at the Palace and he will be forced to the limit in order to earn a decision.

In the semi-windup, Lloyd Barber, conqueror of Frankie Hughes, will appear against Rudy Peterson, Evanston. There will be plenty of action in this bout. Barber is one of the hardest hitting amateurs in the game, but he is matched with a boy usually clever enough to avoid knockout punches.

The five other bouts on the card arranged by Promoter Mack and Matchmaker Wangelstein, promise to furnish an entertainment, equal to that of last Friday night when the best show so far this season was enjoyed by more than 1,200 fans.

Fight Results  
Windup  
Ray Trumble, Rockford, shaded

Corbett Echols, Chicago, in three rounds.

Semi-Windup  
Lou Buckman, Rockford, beat Bill Krueger, Chicago, in three rounds.

1—Bill Celebrone, Rockford, defeated Joe Drinka, North Chicago, in three rounds.

2—Charlie Murray, Belle Plaine A. C., won over Jimmy Biscardi, Kenosha, in three rounds.

3—Curly Harris, Rockford, won the decision over Jackie Stevens, Chicago, in four rounds.

4—Kid Bruno, Rockford, beat Eddie Peddle, Lake Forest, in four rounds.

5—Carl Buckman, Rockford, won by a shade over Bill Wassinger, Elgin, in three rounds.

6—Oscar O'Hanlon, Waukegan, defeated Kid Harris, Rockford, in three rounds.

KONJOLA HAS NO  
EQUAL IN REALM  
OF MEDICINES

Striking Praise is Paid by  
Happy Lady—Tells How  
New Medicine Ended  
Eighteen Months of  
Agony

MRS. JENNIE LOWDER

"Konjola has no equal in the realm of medicines," said Mrs. Jennie Lowder, 342 West Court street, Jacksonville, Illinois. "For eighteen months I was helpless victim of terrific backaches. I was in such a bad shape that I could not turn over in bed without help. Last, but not least, my stomach became disordered and I was unable to eat the things I most relished."

"When Konjola was recommended to me I decided to give it a chance. Konjola transformed me, in a short time, from a miserable lady to a well person. All the pains in my back have vanished and my stomach has regained its normal condition. I eat what I please, sleep through the night and enjoy life again. I'll say Konjola is the master medicine of them all."

Konjola is sold in Antioch at S. H. Reeves' drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

## YOUTH--AND THE NEW LEADERSHIP

By CRAIG B. HAZLEWOOD  
President American Bankers Association

LEADERSHIP is a picturesque word. With it, one pictures Hannibal fighting his way through the passes of the Alps—Napoleon in his campaigns—or Washington holding together his half-frozen army by the sheer magnetism of his character at Valley Forge. But I visualize something that holds a more astounding spectacle in many respects than any of those.

Craig B. Hazlewood

It is the onrush of our business life. Our economic progress plunges ahead at a rate unheard of in the history of the nations of the world and every industrial and financial leader is daily brought face to face with new and perplexing problems requiring the highest courage and intelligence for their solution.

Ninety billions a year, they tell us, this country is now producing in new wealth. The rate of increase is even more staggering than the amount. It is difficult to say where it may lead us in even ten or fifteen years.

We are moving exceptionally fast. Our economic and industrial structure is placing before us problems of greater and greater magnitude. Few men can see far ahead. Few are in complete control, for this is a changing world, as even the most inexperienced business man will readily testify. Our methods of adjusting ourselves rapidly to economic changes and of cooperating are far from perfect.

What an opportunity the leadership of five, ten or fifteen years from now presents! What an adventure it will be! What responsibilities it will lay upon the broadest shoulders that may be found! This is the challenge to leadership as I see it. In the hands of the young men must rest the responsibility for this leadership.

Boys Who Reached the Pinnacles

Business is full of the romance of youngsters whose chief characteristic was working hard and keeping at it. There was a green farmer boy who decided he would rather stand behind a counter than follow a plow. He seemed so obviously lacking in sales ability that for a time no merchant would hire him. He failed in his first position, and in his second his salary was reduced. He even agreed that he was a misfit—but he stuck. Out of his first five stores, I believe, three failed. But he persisted and worked hard. And that boy, Frank W. Woolworth, became the greatest retail merchant in the world with a store in every city of eight thousand or more population in this country.

There was another lad who clerked in a grocery store sixteen hours a day and studied mathematics to his odd moments. He became interested in the design of the steel plant whose employees traded at this store. He began to study steel and sought a position in the plant. He carried a surveyor's chain and drove stakes. At night he studied mathematics and engineering. He did not despair. He could not be diverted. He kept the pressure on for seven years. And that boy, Charles Schwab, mastered the iron industry and became one of the country's great industrial leaders.

There was a lad who sold papers on a train. When he grew up, several million men and a score of billions of dollars of capital were given profitable employment through his inventions. Even in middle life, Thomas Edison continued to work twenty hours a day, if necessary to achieve his purpose.

Leadership is not play. Leadership offers countless positions of varying opportunity, of which the highest pinnacles will mean almost unbearable responsibility in the new era. There will be men with the fire and iron to qualify even for these places. Such men must have had the very finest preparation and the most grueling tests. Their reward will be the attainment of these highest pinnacles of achievement, and the rendering of an immeasurable service to their times.

## MAIL BOX THEFTS AID CHECK FORGERS

American Bankers Association in Nationwide Warning Exposes Methods and Gives Rules to Combat Them.

NEW YORK.—Active operations in many cities of mail box thieves, who open bank communications to customers, containing details of their accounts and cancelled checks showing their banking signatures, and use this material in perpetrating check forgeries, have led the American Bankers Association to issue a nationwide warning to its members with instructions for combating this form of crime. The warning as sent out by James E. Baum in charge of the association's Protective Department says:

"Heavy losses are being sustained through cancelled vouchers and statements stolen from the mail boxes of

bank depositors in apartment and office buildings, thus divulging the depositors' balances and supplying models for forged checks. As a step to put customers on guard against these methods, banks are urged to instruct every depositor to whom they mail statements of deposit accounts on the last business day of each month to notify them promptly if such statements are not received by the close of the next day.

"Also banks should educate depositors to safeguard blank checks and cancelled vouchers as they would money. Such paper stolen by forgers soon puts real money in their hands. If all blank checks and cancelled vouchers were securely kept in safes instead of filing cabinets or desks, the check crooks would be denied their chief stock in trade, namely, genuine blank checks and signatures. Warnings to depositors against leaving blank or cancelled checks accessible to sneak thieves or burglars should be sent out at once.

"Estimates broadcast by surety companies indicate that individuals, merchants, hotels and others outside of banking are shouldering more than 99 per cent of the total amount of forger losses. The bulk of forger loss on checks is sustained by those who are willing to risk accepting them without reliable proof of identity or title of the presenter.

"Years ago the Protective Department of the American Bankers Association adopted the slogan, 'Strangers are not always crooks, but crooks are usually strangers.' If those outside of banking could be prevailed upon to observe this rule and think about it when considering accepting a check for their merchandise or services, for which they are also asked to give a substantial sum in cash in change, one of the biggest aids to the forger's business would be denied the crooks."

## SCRUB BULL IS HAILED TO COURT

Placed on Trial for Hindering Development and Prosperity of Dairy Industry.

Indicted for robbery, larceny, and a few other such charges, Scrub Bull went on trial for his life at Laurel, Mississippi, recently. It seems that for some time people had suspicions that Mr. Bull was hindering the right and lawful development of the dairy industry, thereby "maliciously and wilfully lowering production and decreasing profits in the dairy business," says the Bulletin of the American Bankers Association Agricultural Commission in commenting on the case.

This, it says, was the first trial of its kind ever held in that section and was attended by several hundred people. The jury, representing every vocation within the boundaries of the Laurel trade territory, rendered a unanimous verdict of "guilty." The death sentence was pronounced, "but during the night, before the sentence could be carried out, friends of the convict secretly spirited him away and he has not been seen since."

The arraignment came during the Milk Products Show sponsored by the banks of Laurel. People attending the show had the opportunity of also attending the bull's "trial" and went away firmly convinced of the seriousness of tax and out-of-date methods in the pursuit of dairying. The purposes of both the Milk Products Show and the trial were threefold, namely: to develop public sentiment for more and better Jerseys; to foster a more cooperative spirit for dairying and livestock growing; and to promote tick eradication.

The banks of Laurel entered into a cooperative arrangement in their efforts for fostering agricultural development and successful farming in the community, offering \$2,165 as premiums to the outstanding farm workers throughout the territory during 1929. An instructive booklet has been issued, showing the agricultural activity of the banks, together with announcements of contests for farmers, exhibits in the bank lobbies and prizes offered.

## BANKERS DEVELOP NOVEL INSTITUTE

The Georgia Bankers Association in cooperation with the State College of Agriculture has sponsored a series of farmers' institutes in various parts of the State of an entirely new character. The principle feature is a large and comprehensive exhibit, transported in four large trucks and set up at each stop. When set up it fills a space 40 by 60 feet and consists of panels, charts, and models on practically every phase of agriculture, including agronomy, horticulture, agricultural engineering, poultry, animal husbandry, soils and fertilizers, home economics and marketing. A large electrified farm model, showing the uses of electricity on the farm, model farm buildings and the ideal layout and landscaping of the farmstead, is one of the most elaborate and attractive exhibits.

Local bankers in each locality visited gave the money to cover expenses for the transportation and installation of the exhibit in their territory and assisted in the preliminary advertising and publicity. The College of Agriculture assembled the exhibit and conducted the tour through its various extension specialists.

## SALEM M. E. SUNDAY SCHOOL PICNIC WILL BE HELD FRI. P. M.

Camp Fire Girls Return From Delavan Lake

The M. E. Sunday school will hold its picnic at Fox River County park Friday afternoon at 2:30 o'clock. Each family is requested to take sandwiches and dishes for themselves.

Wilma Schmidt, Leone Murry, Helen McVier, Thelma Schlax, Margaret Griffin, Elaine Schultz, Loraine White, and Sylvia Hoegsted, members of the Camp Fire girls returned Saturday from a week's vacation at a cottage on Delavan lake.

a Million  
SIX CYLINDER CHEVROLETS  
on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer

of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

## Records Of Byrd Expedition Are Assured For Posterity

Permanent Rag Paper Being  
Used to Write Story  
of Antarctica

COUNTLESS expeditions in the interest of both science and conquest have penetrated uncharted corners of the globe and have emerged with tales of heroism and hardship. Few have ever presented the world with lasting records of their achievements written by camphire light to endure for generations to come.

Now for the first time in the history of Arctic or Antarctic exploration this is being done. Down on the edge of the great ice barrier that forms the outer rim of Antarctica's polar field, Commander Byrd and his valiant band are daily recording scientific data that will paint graphically a word picture of their discoveries.

The descent of six months' night has already afforded opportunity for observations that will be of inestimable value to science. Every memorandum, every record is being typed with meticulous care on the highest grade of paper available today, a grade that will keep alive for posterity the first-hand chronicle of their exploits.

Consults Paper Experts

At the outset Commander Byrd resolved not to waste hours in transcribing valuable records that in a few years would deteriorate beyond recognition. The foremost experts in the country were consulted and on the advice of S. L. Willson, presi-

dent of the American Writing Paper Company, 40,000 sheets of a high-grade, standard weight bond, and 40,000 sheets of a lighter grade of bond paper for carbon copies, were stored on board the supply ship. All of this paper is full rag content, having unusually high resistance to deterioration.

This forethought on the part of the expedition's skipper assures, according to experts, a permanent record of his findings and observations that will be a scientific treasure trove for many years.

Commander Byrd's log and even important radio messages are being preserved in original form on permanent paper of rag fibre. Unlike wood pulp paper, which reacts to changing temperatures, deteriorates and finally oxidizes into powder, the rag fibre endures for generations. Some idea of this can be obtained by comparing the files of newspapers only three or four years old with the Declaration of Independence or the Constitution itself.

### Why Flowers Are Not Green

Flowers are not green because if they were they would not be noticed by insects. The propagation of flowering plants depends upon pollination with others like it. Insects traveling from one flower to another do most to bring about this fertilization which makes for reproduction. The colors of petals help the insect find the flowers. ## BRISTOL RESIDENTS ARE IN ACCIDENTS MON. AND TUES.

Families Are On Motor  
Trip

Two Bristol accidents occurred on Monday and Tuesday. Ben, J. Gilmore was severely, but not seriously, burned Monday while threshing on the Gilmore Bros. farm in South Bristol. Judging that the water was becoming low in the tractor, he attempted to remove the cap from the radiator. As soon as it became loosened a trifle, steam and water were blown out onto his arm, wrist and face; however, his face did not blister as did the arm and wrist. Applications for burns were immediately used. Thus the intense suffering was subdued. On Tuesday about eleven a. m., Janice Nicka received a deep cut on her left arm. While returning home with a bottle of milk, she was overtaken with a heavy wind and electric storm. She hurried and fell against the bottle which broke. She was taken to Dr. Lowe as soon as the storm subsided, where she had several stitches taken in her arm. She was very patient during the ordeal and neither groaned nor cried, although only eight years old.

## Legion World Series to Be on Air Sept. 4 to 6

The World series games of the American Legion Junior baseball competition, to be played in Louisville, Ky., Sept. 4, 5, and 6, will be broadcast, play by play, in a nationwide hoop-up by the National Broadcasting Company, according to information received by Chas. A. Atwood, Post Adjutant, of The American Legion here today from Department Headquarters.

Graham McNamee, famous sport announcer on the radio, will be at the microphone, as well as Judge Kenesaw Mountain Landis, high commissioner of organized baseball, the two major leagues having sponsored the Legion program this year, as it did last, to the extent of \$50,000.

The games in Louisville will start promptly at 2 p. m., Central Standard Time, according to arrangements which have been made by Dan Sowers, National Director of the Legion activity.

"The World series will be the climax of elimination on regional tournaments between state championship teams throughout the United States," the Post official said. "Between 300,000 and 500,000 boys enrolled in the Legion baseball program this year, as compared to 122,000 last year. The games attracted boys, who, under the Legion rules, must be under 17 years of age. Various organizations, particularly the civic and patriotic societies, have supported teams and even leagues in the competition, because the activity has for its main objective the teaching of good citizenship through adherence to fair play and clean sportsmanship."

"The entire twelve regional tournaments throughout the country will be played in August. The six regional elimination tournaments in the west are to be at Spokane, Wash., August 21 and 22; Salt Lake City, Utah, Aug. 19 and 20; Colorado Springs, Colo., August 14 and 15; Sioux Falls, S. D., August 16 and 17; Topeka, Kansas, August 15 and 16, and Shreveport, La., August 19 and 20.

"The six regional tournaments in the east are at Ft. Wayne, Ind., Aug. 13 and 14; Raleigh, N. C., August 15 and 16; Meridian, Miss., August 15 and 16; Philadelphia, Pennsylvania, August 14, 15 and 16; New Britain, Conn., August 16 and 17, and Lacomb, N. H., August 13 and 14.

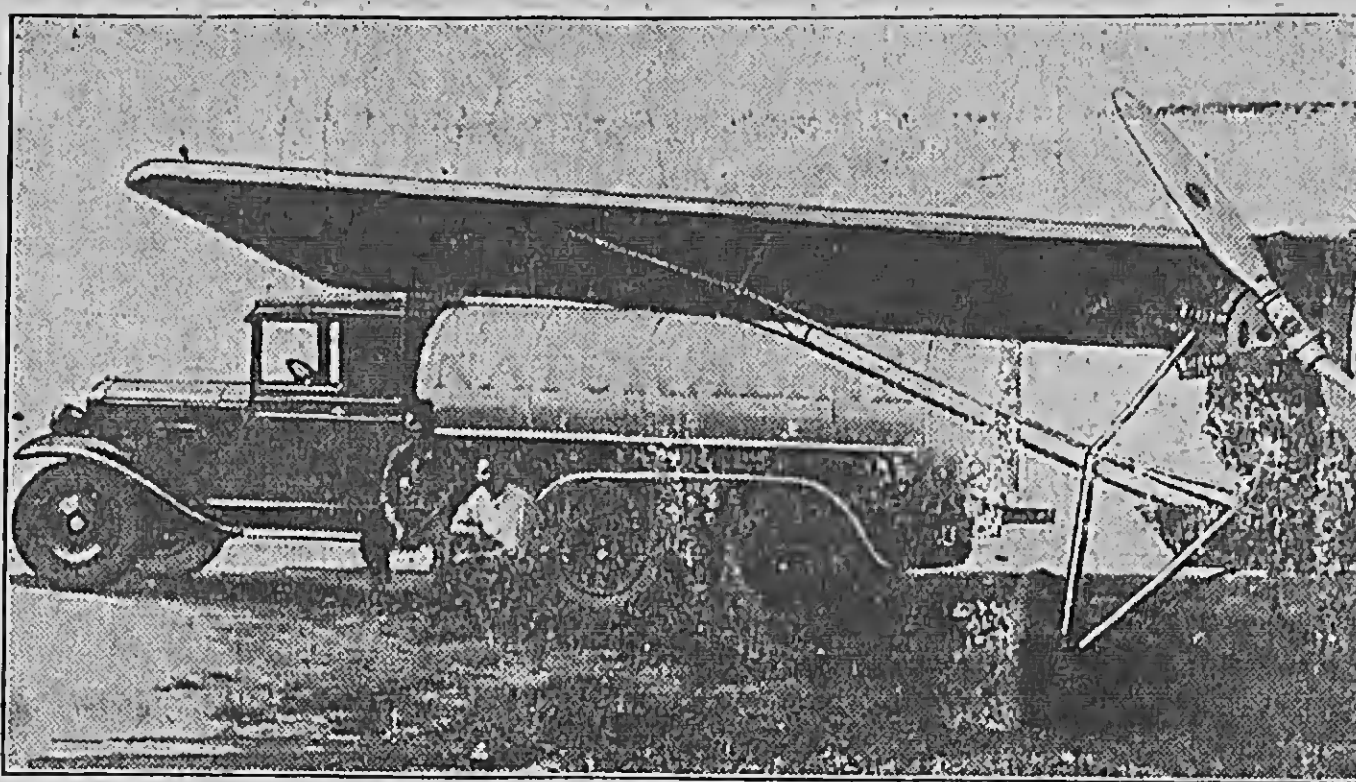

"Every state and the District of Columbia is represented in the Legion program, and the thousands of boys are well and evenly distributed according to population."

## Civil War Soldiers and Sailors Hold Reunion

The Lake county soldiers and sailors of the Civil War will hold their fifty-first annual reunion on Thursday, August 15, at Memorial hall, Waukegan. The books will be open for registration at 9 a. m., daylight saving time.

At 9:30 a. m., there will be a business meeting, at 12:00 noon, a dinner served by the Women's Relief corps No. 117, and at 2:30 p. m., a memorial service will be offered in addition to some good vocal and instrumental music.

## Chevrolet Aids Endurance Fliers!

Above is shown a Chevrolet truck after it pulled up alongside the re-fueling plane of the record-breaking St. Louis Robin with an emergency supply of 800 gallons of the special brand of gasoline which the Robin used throughout its flight. On the second Sunday of the Robin's stay aloft this supply was running low. A train which was bringing an additional supply was delayed by a wreck. Determination on the part of the Robin's designer not to change brands of fuel made it necessary for the Chevrolet to pull its heavy load from Tulsa, Oklahoma, to St. Louis in less than 15 hours time.

The St. Louis Robin has already made aviation history, but wore it not for the humble part played in its dramatic exploit by a specially equipped Chevrolet six cylinder truck, it is possible that the story might have been different.

The nearest point where an additional supply could be obtained was Tulsa, Oklahoma, but the train which started forth immediately from that point with a new supply was unfortunately blocked off by a wreck ahead.

So a huge tank containing 800 gallons, was placed on the sturdy Chevrolet, and the drivers were ordered to "give it the gun."

Now, speeding a truck is alright under most conditions, but never so if it is a transport for gasoline. At a speed barely within the bounds of safety, however, the truck started on its 450 mile trip late Sunday afternoon over a road that was mostly gravel.

Shortly after noon the next day the trip was completed without mishap.

Amid cheers the Chevrolet pulled up alongside the refueling plane, and thus was obviated the necessity of switching brands of fuel—a step that was feared both by the pilots and the designer of the Robin's engine.

An interesting point in the part played by the Chevrolet was that it had been run only 15 miles before it undertook its emergency mission. Nevertheless, according to the drivers, not once did the motor heat up, nor have there been any consequent engine difficulties.

## NORTH CHICAGO PLANS GREAT CELEBRATION SATURDAY AND SUNDAY

August 17 and 18 Are Designated as North Chicago Days

Banners are flying, decorations are being hung and North Chicago is beginning to take on a gala appearance in preparation for its third annual great event, North Chicago Days, which are to be celebrated Saturday and Sunday, August 17 and 18.

Because of the tremendous success of the celebration during the past two days have again been set aside in which to celebrate this event.

A big parade is scheduled for Saturday afternoon. Judging from the size and character of previous parades, this year's parade should be one of the best ever seen in Lake county.

Among the prizes to be given away Saturday and Sunday, August 17 and 18, are the following: Majestic Radio, Parlor Suite, Golf Set, Bicycle, Fishing Outfit, Vacuum Cleaner, Electric Washing Machine, Gas Stove, Radiolone and an Aquarium.

The program for these two days is as follows:

**Saturday**  
Band concert—Afternoon and evening.  
Dancing—Afternoon and evening.

**Sunday**  
"Big Boy" Yagle—Famous pianist of Radio fame.  
Brown and Craig—Comedy dancing

and Singing Blackface Team.  
Jeanne De Fries—Chicago's favorite Soubrette.

Perillo and Betty—Neapolitan Street Singers in a singing and musical act.  
"Chico"—World famous Circus clown.

Dancing—Afternoon and evening.  
North Chicago is looking for a visit from all of its neighbors in Lake county and many from McHenry and Cook counties.

There will be plenty of parking space, enough to accommodate 50,000 automobiles.

This annual celebration is held under the auspices of the North Chicago Association of Commerce and Shervin Post of the American Legion.

## Card Party To Be Given At Channel Lake Pavilion

The ladies of the lakes are giving the last of a series of card parties for the benefit of St. Peter's church of Antioch at the Channel Lake pavilion, Saturday, August 24, at 3 p. m., daylight saving time. Tickets may be purchased at the pavilion or at Nixon's store at Antioch.

## HOMECOMING AT SPRING GROVE

A cordial invitation is extended to the pupils, teachers, old friends, and neighbors of the English Prairie, Creek, and Spring Grove districts to attend a reunion on Labor day, September 2.

A picnic dinner will be served at noon. Bring sandwiches and one dish to pass.
